

Foster Care Crisis. Children are Sacred. Help us Help our Children.

American Indian Family and Children's Services (AIFACS) recognizes that there is a crisis number of American Indian children who are in out of home placement across Minnesota. We need your help to preserve the lives of these children.

WE WANT TO HEAR FROM YOU!

- How can we recruit more foster homes?
- What training topics should we offer our foster parents?
- What additional services should we provide to the community?
- What activities would you want us to offer our foster children/families?
- What prevents people from becoming licensed for foster care?
- Are there public policies that need to change regarding foster care?
- What are some of the myths or ideas people have about foster care?
- How can AIFACS be more visible in the community?
- How can we offer more support to our foster parents?

STAKEHOLDER
GATHERING

You are invited and encouraged to join AIFACS on Monday October, 30th from 12pm-4pm at the Minneapolis American Indian Center as we host a Stakeholders Gathering to hear from those who are invested in the lives of American Indian foster children in Minnesota.

A free meal will be served following a blessing.

Childcare will be provided in the Auditorium of the Indian Center on the 2nd floor by AIFACS volunteers who have had background checks completed.

If you plan on having your children watched while you attend the event, please call us at 651-223-8526 with how many, and the ages of the children.

Please RSVP by calling 651-223-8526 and speak to Kelly or Lucy. We look forward to planning with you!

Let Your Voice be Heard!
